Dear parents,

We have a super week! Tempest Photography were in on Tuesday and took some lovely class photos and some great Year 6 ones! We will be in touch soon as we get them back.

Chestnuts also had a super day at **Discovery42**. It really was an inspiring trip which enriched so many areas of the curriculum – science, design technology, geography, sustainability etc. The children had the opportunity to investigate some really hands on science/ engineering inspired installations, plus take part in a workshop investigating cam mechanisms to make toys move. It is well worth a visit! www.discovering42.co.uk/

This week, as part of our '**Capability Curriculum**', Acorns and Birch have also been voting once more on which 'capability' needs to be their new focus. They have chosen Communication to develop and work on over the Summer term. Again, it was so interesting listening to Reception and KS1 children articulating and explaining their opinions. Well done all.

We have also ended the week with an '**alternative sports day**'! Today the children have had the opportunity to develop skills in Archery, a Jenga ball, 'crazy catch' and 'water games'! Many thanks to the Arena team. We have been really impressed with the children's efforts it working collaboratively, their resilience and openness in trying new sports.

You should all have received a summary of the various dates over the next few weeks on Class Dojo – it's going to be a busy few weeks! Please get in touch if you should need a paper copy. We will share more information as we receive it. As always, please don't hesitate to get in touch if you should have any queries or concerns. We wish you a lovely weekend.
Best wishes

Mrs Davies kdavies@andaras.org

Fantastic achievements!!

Congratulations to Sybil for her success in the 'Young Writers' competition!
Her story is going to be published!!

Rugby Success for Lizzy!!

Huge congratulations to Lizzie who has been selected by the Launceston College Elite Girls Rugby Academy in September!

This will have involvement and training sessions with Cornish Pirates, access to the college's gym and healthy nutrition guide and play/train for the college.

Congratulations to both – showing such ambition and determination.

Well done!

Catkins Update

Hello everyone!

Catkins and Acorns have been learning about the sea-side this week, what people can do there, along with the food, activities and creatures that are synonymous with life on the coast.

We worked really hard to construct lighthouses, beach huts and sand-castles from blocks!

Also, our brush club routines were checked this week by the NHS training providers, and our practices and techniques all passed with flying colours. The children really enjoy brush club as part of their daily routines. Well done to all.

On Thursday, as well as lots of soggy water play, we tried some Deep-Sea Yoga Discovery from the British Science week resources. The children became sea-horses, crabs and star fish whilst practicing some deep breathing and mindfulness. Lovely!

Well done Catkins and Acorns! - Mrs Lawton

Acorn/Birch Class Update

We've had a very busy week of learning in Acorns and Birch class this week! Mr. Harrison has started teaching us how to play the recorder and we have already learnt to play the notes B and A!

In maths, Acorns have been making repeated patterns and noticing how they can continue them and Birch have been learning about halves and quarters.

Acorns have been focusing on letter formation and writing sentences this week in Drawing Club and have been doing some fantastic reading! Birch have started to write their own versions of 'Lost and Found' – I'm looking forward to reading their final versions next week!

In geography we have been thinking about the things that people enjoy doing at the seaside and discussing what we like to do there, too.

Our focus in PE on Thursdays is athletics and this week we have been practising our throwing skills; we threw a bean bag into a hoop and were challenged by moving the hoop further away each time!

Please let me know if you have any questions about anything.
Have a lovely weekend!

Mrs. Gilman

Chestnut Class Update

In English this week, the children have continued to use the text 'Island' and have learnt about the use of inverted commas, sentence openers and how to write a flash news bulletin. They have worked hard at improving their punctuation and extending their sentences with detail.

In Maths this week, the Yr 3/4 used practical methods to help round decimals and divide numbers by 10. Whereas the Yr 5/6 have moved onto a new topic of learning of converting measure, where they have explored the difference between kilograms/ grams and kilometres/ meters.

During their Guided Reading sessions, the plot has thickened about the disappearance of Darkus Dad and the children have used a range of different skills such as retrieval and making inferences.

During their Science learning this week, the Yr 5/6 children had a focus on healthy lifestyle choices, where they created an information poster, on how you could make good choices. The Yr 3/4 children focused on friction and discussed what they know so far to do with the vocabulary push and pull.

Chestnuts had a brilliant visit to Discovery 42 Science Museum, where they were split into two groups and explored the interactive museum while the other half made cam moving toys. The museum was loved by all and uses only recycled materials for their exhibits. The children loved the alternative sports day, where they had a chance to try lots of different new sports. Have a lovely weekend!
